Testimonials

"The PURIFY Cleanser Toner is amazing... All of the other foaming cleansers I've tried irritated my skin and made it dry out. This one is smooth, really cleans and balances my skin! No dryness and my face feels so smooth and soft and hydrated after I use it. I finally found my perfect cleanser!" - Luisa

"I must say I am pretty impressed with the Purify Cleanser/Toner and Hydrating Spray Mist. I have really really sensitive skin and have tried many face products which claim to be 'for sensitive skin' only to have a severe reaction. Kylie sent me a trial pack of the Purify Cleanser Toner & Hydrating Spray Mist. I have tried it for a week and extremely happy with the results - NO REACTION! My skin is not on fire, no redness on application, plus no cracked eyelid creases! (very painful) Anyone that is super sensitive to face products I highly recommend to try the Regener8 products! No Harsh Chemicals Used." - Val

Frequently Asked Questions

How often should I use PURIFY Foaming Cleanser Toner?

We recommend cleansing your face with PURIFY Foaming Cleanser Toner at least once per day – preferably twice.

Does PURIFY contain Sodium Lauryl Sulphate (SLS)?

No. PURIFY uses a natural foaming agent, Coco Betaine, extracted from Organic Coconut Oil to create a luxurious rich foam. We do not use any sulphates in any of our products as independent studies have shown them to be irritating to the skin and eyes.

My Dermatologist has advised me to use a pH Neutral Cleanser. Is PURIFY pH Neutral?

Yes. PURIFY has been specifically formulated to be pH neutral as many skin conditions and allergies require pH neutral formulations. PURIFY is used and recommended by customers with Gluten allergies and Coeliacs.

Does PURIFY contain exfoliant particles?

No. We recommend gentle facial exfoliant once or twice a week. We have found that using an exfoliant particle in a daily cleanser is too aggressive and can cause long term damage the sensitive skin on your face. We recommend using Regener8 REFINING Facial Exfoliant once or twice a week as part of your regular skin care program.

Is PURIFY Cleanser Toner suitable for use by children?

Yes. PURIFY has been formulated with the best organic ingredients to be gentle, yet very effective on all skin types, including elderly and young skin.

Product Fact Sheet

PURIFY – Foamy Cleanser Toner

Product ID: R8PFCT

Key Ingredients / Materials

Bladderwrack - a type of Kelp, it has properties that prevent dryness of skin and can help with wrinkles - softening the skin and improving circulation.

Ginger improves the elasticity and firmness of the skin making it look younger and feel smoother, lightens age spots and can cleanse the skin of some infections.

Ginkgo Biloba has high levels of antioxidants, as well as anti-inflammatory and anti-cellulite properties – can protect the skin against damaging UVB rays.

Gotu Kola is renowned for its abundance in antioxidant vitamin A, B, C, and D, as well as skin beneficial minerals including calcium, chromium, cobalt, magnesium, manganese, phosphorus, sodium, potassium, selenium, silica, zinc

Kelp has cellular circulation properties, that help promote a skin volume, creating a youthful smooth face

White Tea Extract has high levels of antioxidants that increase the antioxidant capacity of the tissue and skin – beneficial for anti-aging and skin rejuvenation. It has some UV protection qualities and its anti-bacterial properties that help prevent skin infections, including acne.
